1. There is no holiness within Me without Me. Though there are the holy and the holy tribal and the not holy. I am Me and I am holy and there this no holiness without Me. **Holiness is prerequisite to coming into Me/My fullness.** See. See I have told you. See I have stated this many times.

2. There is lack of integrity in My body and that is part of My holiness.

3. My righteousness is in shambles in My body, many having no clue as to what righteousness is or how to go about being/becoming righteous. Many have no idea about my holiness and righteousness and how they interact and feed each other. Many seek only self/selfish ideas to placate their thoughts and emotions which drive them elementally away from Me. I am holiness and righteousness and I am holy and righteous. Is there any holiness and righteousness without Me?

4. I am one and My people must call on My name if they want to know Me, come into Me, have what I have for them, know what I have done for them, receive what I have made available and yearned/cried for them to come partake of. So many strung out on this and that and what elemental people have told them is right, wrong, of Me, not of Me, lawful or unlawful for My house and people. So many perfectionists trying to be perfect according to others' standards that are less/same as them. **Did I elevate anyone over another? Come now. Did I?**

5. See Me, see My character, My nature, My essence. No, I didn't. I am Me and I am. I am I Am and you are also, even the perfectionist ones who try so hard to please those who never even need to be considered. Who is concerned with who here? There? Inside you, inside them, inside My kingdom, inside My house. Who is interceding for who and who is there for whom? Answer Me, answer Me out loud, answer Me on paper.

6. Answer Me and ask Me what I think and let Me tell you, share with you what I think, giving you My mind in the process, **giving you My process to give you My mind,** allowing My mind to supplant not your mind but have Mine preeminent and always hearing/having access to My mind. I love you.

7. Why are you interested in performing the rules that I didn't instigate, and that drive you away from My original design/intent, driving you underneath others that should never let you be there.

8. Why are you not being who I made you to be, Me? Why do you not see your heritage? Why do you not see your brethren as brethren and brothers and sisters and operate in the kingdom of heaven that I came to show you/showed you? Why are you more interested in performing in the kingdom of the world than you are about inquiring/knowing Me and My holiness and righteousness in the kingdom of heaven, that you can then operate seamlessly in both?

9. Why oh why don't you bring Me your questions rather than accepting all at face value, when their face is not always My face, nor do they reflect My values, My heart, or My kingdom. Why don't you let Me challenge Me, the Me in you that you seek so to dislodge with your intellect and reign supreme, some of you. Not all. I love you all, regardless.

10. When will you learn how to learn from Me? When will you learn to come into Me for manna that will get you through the day not, pacify not, placate not momentarily, but give you living water of life pure so that you will know what pure life is? Do you now? Not few? Not many? What do you think?

11. How do you choose to live? Who do you choose to question? Why will you accept commentator's words over Mine? **Why will you not see your godship, and who I made you to be?** Are you not My son, My daughter, who I made with no shadow or variableness of turning? **Then why do you spin in their hands**, who do you no harm not, but keep you shadowed from Me? Why do you toil unmercifully? Is this the kingdom you're in, of Me, or of you, or of others not interested in your welfare or generations to come, but energy/life suckers of only not-Me?

12. What is time? What is space? What/how did I intend for you to operate? Operate what? Having what power and what authority? Who do you choose to see? Why are you listening to who you are/have been listening to? When will you choose Me over them? **Why won't you come into My chambers and be My chambers. Is not the kingdom of heaven within you? And it being the door to the kingdom at large, largesse of only Me?**

13. Why do you choose littleness when I want to globalize you past globes, past time, through space that space isn't to know what time it is and provide for others My blood, life, truth?

14. Why won't you let Me talk/teach you like this? Who My friend told you that you cannot hear My voice and write My words and lead in the things I have put/placed into your heart? **You need a license? You need what? Who says they can license Me?**

15. Come now, let us reason together. Sit still not but come to Me and sit in My arms/presence and then be still, and listen, and know, as I speak, write, and place My tenderness within/without you so that you will begin operating in the kingdom of heaven here on this earth, not in the ways of man or mammon, but transcending all the rulekeeper's rules, and operating by My law, love. I am love. I am life. I am the creator. I create. I created you. I gave you the power to create, only in Me, only with Me, should you like to. Can I teach you how?

16. Why will you be elemental? Why will you let others rob your of your time/lineage/heritage/gifts/presents of Me that I have in/awaiting you? Come unto Me you who are heavy laden and I will give you rest. Will you rest in Me rather than the security-thought of another, and their system of thought, rules and licensing? Will you?

17. Who will seek freedom this day?
Who will drink freedom from Freedom?
Who will drink of My words directly, to them? You?
Who will let Me connect, correct, and maximize/globalize/take past all limits?

18. What are you doing with your life? Would you like to have Mine?
I give you My all.
I've given you My all.
You are My all.

19. See what I have said, asked, intimated, insinuated, and read all into it you want to read, feel, see. **And then bring your questions to Me, not in a hurry, but with pen in hand. And let us just think about each other, shall we? Can I take your hand? Will you take Mine? Will you let Me share about how unlinear the Bible is, and your sacred texts, and where they are My heart and not? Will you eat at My table and not just anothers?**

20. Come My beloved and ask each other these questions, and answer them to Me. I love you.

21. Shall the potter say to the clay, be like Me?
How formal should I be? Do I issue licenses for you to come to My table?
Do I not know your name, have your name on my right hand?

22. Ask Me, seek Me, ask of Me, and see what I say/do. Please. Thank you.

23. River what I give you and never stop.
24. Stand up and be Me, ever so tenderly, in meekness, courage, willing to be wrong so that you're willing to advance, mature, and move forth in the new things I am doing, and I am doing much and cataclysmic is My name/season, to some.

25. Today is the day, what will you say?

26. Into Me see My tenderness, mercies new every day, just for/with you, alone. And then, then, after being with Me alone, alone, alone, you are ready to be with Me/others in Me in many places.

27. Let not your heart be troubled. Ye believe in Me, believe also in Me.
I go to prepare a place for you, inside you, I have, I am there, and await for you to let Me be fully Me inside you, expanding the kingdom of heaven ballistically past all your borders/rules of the past.
I am freedom.

28. Will you be Freedom? Will you surround others in intercession for their freedom, to know Freedom? I love you, My beloveds all. I love you.

29. Think it not strange what I say to you, you who courage enough to pick up your pens **and exercise Me in you and let Me come/say forth with what I need to hear from Me.** Thank you. Courageous be. Tender be. Bowels of compassion have, for all, for all, for ALL. Thank you.

Amen
